

Hataitai School Home Learning Kete

Nga Wai Year 5-6

ClassDojo & GoogleDrive will be our platform for delivering messages and learning

RECOMMENDED DAILY LIST

60 mins of literacy (writing & reading)

30 mins of maths

45+ mins of activities of 'Creative & Research' activities

Choose to select 1 or more task(s) from each section for each day

Teachers & Students

- Each Nga Wai teacher will send a morning greeting to their home class by 9am via ClassDojo.
- Every second day new creative and research assignments will be posted via ClassDojo and student email.
- ClassDojo is our 'community hangout', it is important that you connect with your classmates as regularly as you can by commenting on their work and regularly posting your own progress.
- Every week teachers will set 5-10 Mathletics tasks every week.
- A sample schedule will follow with our first Dojo post

SOME IDEAS TO CONSIDER IF YOU WANT A BREAK FROM SET WORK

Mathematics	<p>Mathletics tasks - set weekly (rainforest maths is under the explore tab)</p> <p>Complete a sudoku</p> <p>Use khan.academy to learn a new complicated skill - Link to their home-school timetable and activities</p> <p>Get Parents to sign up for 'Code Breaks' to teach children coding</p> <p>Children begin the Code Program and learn to code, resulting in making a game or story.</p>
Reading	<p>Work on the texts given from your literacy class</p> <p>Read a novel for at least 30 minutes</p> <p>Read a newspaper article from one of these kid-news sites KiwiKidsNews - KidsNews.au and post a reaction on seesaw.</p> <p>Borrow a book from Wellington City libraries using the 'Overdrive app'</p>
Writing	<p>Keep a diary or ideas journal and write in it for 30 minutes</p> <p>Write letters to family or friends somewhere else in the country/world</p> <p>Write a famous family recipe and share it on Seesaw</p> <p>Use a picture from anywhere in your house and use it as a writing prompt.</p> <p>Write a poem based on your back garden.</p>
Creative	<p>Complete a crossword</p> <p>Cook something delicious that you've never tried before</p> <p>Plant some seeds in your kitchen and watch them grow</p> <p>Create another world out of playdough/lego/blocks/ice pop sticks/paint/card/furniture</p> <p>Make a movie or stop motion about someone going into another world</p> <p>Make a flipbook of your daily life</p> <p>Create a character and a comic story</p> <p>Practise an instrument - take a video - can you learn something new that your siblings play?</p> <p>Improve your geography knowledge by using https://www.playgeography.com/</p> <p>Create a Kahoot and arrange a time for your homeclass to play together!</p>
Family	<p>Play a board game, learn a new card game</p> <p>Use duolingo to learn a new language together</p> <p>Use the app 'papapa' to learn Te Reo Maori</p> <p>Document your chores - what are you doing to help out your family?</p>
