

Soil

Soil,

Silt, clay, sand.

Dry, wet, soft, brown.

*It slips through my fingers,
desperate to get back to the ground.*

It smells musky, earthy moist.

*Small green plant growing above it,
Carrots and potatoes growing below it.*

*My feet sink into it and sit crumbly
getting stuck in between my toes.*

Silt, clay, sand.

Dry, wet, soft, brown, soil.
